## Look what we've learned!

Ashley has learned a lot of new sounds and has been rolling over a lot. Mia is getting very mobile! She is crawling all over the place. Donovin is moving all over the classroom! Carter has mastered crawling. Nicholas try's to say and repeat more words. Maleah is doing much better using utensils. Warren is walking more and more without help. Sybeth enjoys playing with the puppets. Aiden can follow simple directions.

## A Sneak Peak at our weeks ahead

Ashley will continue to play with language and practice crawling on her belly. Mia will practice pulling up to a standing position and continue to work on finger feeding. Donovin will work on crawling forward and pulling himself up to a standing position. Carter will master finger feeding and the use of his sippy cup. Nicholas will practice drinking from a sippy cup. Maleah will work on saying please and thank you. Warren will practice going up the steps of changing table. Sybeth will keep practicing using utensils. Aiden will practice saying please and more.
