

YELLOW SUNSHINES CLASS NEWS

MARCH

Look what we've learned!

February has floated by so fast. Our themes were Love and freindship and colors, shapes, and numbers. For love and friendship week we had a blast learning how to sign "I love you " and a little rhyme "If tou want to make a heart the "V" is the place to start. We have been working on last names, which our sunshines have mastered. We have focused on self-help skills for the whole month of February. From pulling up and down our own pants, getting things in and out of our own cubby and opening our lunch box. During the week of color, shapes and numbers we have been learnig fun counting rhymes to help our counting skills, as well counting objects one by one. We had a fun time putting together shape people while naming each shape for each body part. We have also had fun learning the sound and naming of the animals for the letters T-W.

What we are learning...

We will be working on:

We have so much planned for wee little sunshines. For March our themes will be big animal and small animal. We will also be learning sounds and recognition of letters X-A&B. The sunshines will be playing a lot of fun games having todo balance like bear hunt, follow the leader and marching, marching 1-2-3. Our Sunshines will be working hard on the art called sharing. We will be talking about words you can use and making sure to use manner when our friend do sahere. Miss Jackie and Miss Crystal have so much planned and are sure wee little sunshine will enjoy themselves.

- Thanks to all the families in making our Valentine party a hit.

Superstars!

I would like to recognize all of our new wee little sunshine's:
